Butte, Mont., Dec. 21.—Alex Tarbet,
Salt Lake mining man today closed deel with the owners of the mineral

It has developed into the richest copper vein in the district and the bwhers intend to tunnel under the city, and as soon as the deal was closed this afternoon they started to sink on a shaft which will be put down 1,000 feet at the corner of Broadway and Ariaone streets, within half a block of the two principal hotels and

If the Dairy mine, on the West Dip, meets all the expectations of Manager Chan Gardenier, there is no question about it becoming a paying proposition. The lot represents a seventeen days run of the mill, which has treated from 100 to 115 tons daily. Will Bromley Working Claims Which

Carry 22 Per Cent of Red Metal. For some little time past Will Brom-ter hes been investigating a copper proposition about six miles from Mor proposition about six miles from Morgan. After sixing it up and sampling the ore which had been opened up in cuts and tunnels near the surface, he took a boud and lease on three claims, located three more, and then put men at work to drive a new tunnel some distance lower than at any point at which work had been done, for the purpose of determining whether the ore coes down. The hill, Mr. Bromley says, is very precipitous, and by tunneling these than 100 feet he will get at least 100 feet under the surface croppings.

Work will proceed on the new tunned until the ledge or ledges are encountered, and if they prove up as Mr. Bromley believes they will, a big mine will be found. The ore carries neither silver, lead or gold—copper and from being the only metallic substances found in the rock.

The fact that the owners of the ground had not made a better showing with the claims, Mr. Bromley attributes to the fact that they possessed little knowledge of mining themselves, and had had no one to assist or advise them.

to contract, was shipped from Newport

shows that the Manitoba, the transport

the officers in charge refused to reveive it.

On Aug. 15 the transport was ordered to Mayagues, where it remained until the 11st of August. While there a
small amount of the beef was issued to
the troops direct, as there was no refrigerating plant on shore.

On the same day she returned to
Ponce, where she remained until Sept. 7,
and was then ordered to Montauk Point,
N. Y., when the beef was found to be
unfit for issue and was thrown overboard. The board of survey found that
the loss by the spoiling of the beef was
not due to any needlgence or fault on
the part of the contractors. The comptroller finds that at the time of its condemnation the beef was the property of
the United States, and directs that the
claim be settled accordingly.

3 Days Till Christmas. 10 Days Till New Year's

Getting so close now you can almost hear the bells a-ringing; getting so close now this business goes faster and faster; and with this busy, bustling store full of useful, sensible gifts, we know of nothing better to tell of than the Suspenders, the Bath Robes, the Neckwear, the Jewelry, the Boys' Clothing, the Mufflers, the Night Shirts, the Hosiery and the finale of those little Vests.

The Suspenders.

One day we think Neckwear sets the pace. Next day Suspenders. Yeaterday was Suspenders day surgenough, for we never sold as many in one day in our history; mostly those of silk and satin, in single boxes, 75c, \$1.00, \$1.25, \$1.50, \$2.00, \$2.50, \$3.50 and lots of the everyday kinds from 25c up; but the fancy ones wear just as well.

The Bath Robes.

Found a good suggestion for Bath Robes—man told us yesterday he used his more when he got called up in the night to walk the floor with the baby. Good, sensible man—good, sensible use to put it to. Got anybody who needs one? Crash or eide-cown style, \$2.50 to \$12.00.

The Neckwear.

Did you ever attempt to describe the rainbow? Just about as useless for us to attempt to describe the designs and coloring beauty they've put into this holiday Neckwear. We've certainly made a hit with these in single boxes. Puff style at \$1.09 and \$1.25, and Flowing End four-in-Hand at \$1.59, and even down to the ones at E cents. You'll be surprised at the heauty for the money.

The Jewelry.

Just the little everyday needs for men-Collar Buttons, Cuff Buttons for round or link Cuffs; Scarf Pins and Shirt Studs; sell the best goods that can be made for the money. Collar Buttons, \$5c to \$5c; Cuff Buttons, 25c to \$2,50; Pins, 25c to \$5,00; Studs, 25c to \$2.50 the set.

The Boys' Clothing.

For gift? Yes-and what sensi-For gift, Yes—and what sensi-ble, serviceable gifts, too. We do believe people are getting more sensible in gift-giving each year— guess that's why the business grows greater each year-guess that's why we sell more Boys' Clothing each year. We've any kind of a Suit for any kind of a boy, for any kind of a price. Knee Pants style. from \$1.00 to \$8.50; and Long Pants

The Mufflers.

Not much left to be said about these Mufflers, except they're as handsome and popular as ever. They're so warm and comfortable these nights that you have no idea They're so warm and comfortable these nights that you have no idea how much a man appreciates them. The large square ones of slik come 56c to \$1.56; the new Shield style. See to \$1.50; the Full Dress Scarf, white or black slik, \$1.50.

Sold so much Hosiery yesterday, thought we'd just tell you that it's a pretty nice, sensible present to give; and one thing you give a whole lot of comfort for a little money. Cotton ones, 18c per pair up; Woolen ones, 18c per pair up; Slik ones, \$1.25 per pair.

The Night Shirts. Last night when the thermometer was overing around zero and the furnace was getting low, we realized how we'd like someone to give us one of those Outing Flannel Night Shirts for Christmas. They don't cost much, either; 50c gots a good one, 75c a better one and \$1.25 for the best ones. Of course to \$1.50; Sateen, \$1.25, \$1.50, and Silk

Those Vests Again.

Probably won't get a chance again to tell of those fancy Silk Vests for the boys. At the present rate of going they'll not last the day out. We can't begin to imagine what the little fellows would say if they found one in

The Hosiery.

Our Store will be Open Every Evening until Christmas.
